PERSONALIZATION

Matthews offers many choices for personalizing your chosen urn. Throughout this catalog, icons are used to identify urns that accept various types of personalization.

Personalization choices include:

Engraving
Engraving completes any urn for your loved one, making it more personal and unique. Our talented craftsmen can engrave a number of designs or text in a variety of font styles.

Appliqués
Appliqués are available in a variety of special symbols and images. Military and other organization emblems are available in a stately aged bronze color.

Charms
Charms are a great way to personalize almost any urn. Charms can be personalized with a small amount of text, and can be draped around the neck of an urn.

Engraving

We uncompromisingly honor your loved one. We take your loved one's personal carbon and grow a beautiful Radiant Diamond™. Together we will embark on a 6-9 month journey turning your loved one's personal carbon into a tangible symbol of love and connection. Carbon can be sourced from your loved one's hair, clothing, stationery, flowers, or cremated remains.

Diamond Journey Process

6-9 MONTH JOURNEY

STEP 1: CULTIVATE

Just as enriched soil nurtures seedlings, we carefully extract and purify carbon from your loved one's cherished items, creating a garden of carbon to grow your diamond.

STEP 2: SEED

Much like planting an ideal seed for a blossoming flower, we carefully embed personal carbon onto a diamond seed.

STEP 3: GROWTH

Like a flower thriving in cultivated soil and sunlight, the seed from your loved one's carbon grows into a Radiant Diamond™.

STEP 4: SHAPE

The shaping phase, like pruning a flower, carefully guides its form to reveal beauty and promote brilliance.

STEP 5: SETTING

Just as a florist arranges flowers to magnify their beauty, we set your diamond into an elegant tribute of enduring love.

STEP 6: YOUR OWN UNIQUE RADIANCE DIAMOND

Now fully formed, like a flower in full bloom, you can take your loved one with you to make new memories.

Explore the Possibilities

Through the Radiant Diamond™ process, you will have a real, unique diamond sourced from your loved one that will sparkle at every angle, a gentle reminder of the beautiful life that continues to live on forever. If you wish to have your Radiant Diamond™ set, our expert jewelry designers will work with you to design the perfect jewelry setting for you to take on all of life's adventures.

NATURAL STONE

Natural stone urns offer the elegance of natural beauty combined with the visual interests of color and texture variety. No two pieces are alike, and natural variations of color and design will occur. These are not flaws, but are indicative of the way that naturally-occurring stone develops in nature. Our jade and marble urns are a stunning representation of your loved one, and offer a peaceful addition to your home décor or niche.

urn can hold portion of cremated remains

BIOTREE®: HOW IT WORKS

Add cremated remains to the base of the Biotree® Urn.

Plant seeds redeemed from the provided seed certificate, or purchase tree sapling.

Just add water. No need to add soil, and the Biotree® will treat the cremated remains.

Watch a loved one become a tree. Biotree® Urn may be kept inside until it begins to crack, then it is time to plant the urn.

The Biotree® Urn and cremated remains are returned to nature as the tree grows.

Using the included tag, the location of the tree can be geotagged and families can create an online memorial to share with friends and family.

All eco-friendly urns on this page include the Etern.Life geotag feature and have been evaluated and certified by the Green Burial Council, meeting the standards of the GBC for eco-friendly products.

eco-friendly

Scattering tubes feature a removable lid, and perforated "push-in" tab to easily dispense the cremated remains. Made of recycled cardstock, scattering tubes contain no metal or plastic and can be recycled after use, or will biodegrade naturally if buried.
