The Cremation Plan *Catalog* - Bvs 08/31/2025

Direct Cremation Services are conducted within a 48 hour timeline. Other timelines are available !!

We have created Cremation Plans to include all of the items and services traditionally selected by our families for Cremation Services. By combining all of these items together in a simple plan, we are able to relive the stress from choosing all of these items individually from our price list and offer financial savings.

The service components include the Minimum Service of Funeral Director and Staff; Preparation Services; Transfer of Deceased from Place of Death to Funeral Facility; [Refrigeration (24 hour - Charges)]; or Embalming (where required); Urn (Personal choice) optional; Cremation Container or Casket.

Plans may also include Use of Facilities Staff; Visitation; Services at your venue; Transfer of remains and minimal transport service vehicle (VAN) use up to a 25-mile radius (additional distance will be charged at \$\$\$ (Market Daily rate), per mile.

Other Services, not included or notated, in this schedule are : Cemetery services and Merchandise, Cash advance items (Crematory Fees are Cash Advance items, and pricing dependant upon Crematory in that area).

.....
